Heritage Hill Association’s

Neighborhood-Wide Ice-cream Social!

National Night Out!

Bring a blanket or lawn chair, a picnic dinner and we will provide drinks and ice-cream!

Meet neighbors, City officials, GRPD K9 Unit and the Grand Rapids Fire Department!

Tuesday, August 4, 2015
6:00 to 8:00 p.m.
Pleasant Park
400 Pleasant SE
Hope your summer is going great. You sure can’t be bored with so much going on in and around Grand Rapids. In the summer, in the city... cool town.

***

Hugs continue to all for making the **Weekend Tour of Homes** a great success. 278 volunteers aligned to guide our tourists through the Saturday and Sunday tour. An incredible effort by so many. Thank you.

***

More thanks go to **Jay Fowler, Tom Logan, Craig Nobbelin, Wayne Norlin and Jim WinterTroutwine** for an exhaustive report on all the potentials of redevelopment of the 50 College SE parcel. The report was based on 200+ neighbors’ comments and the guidelines of the Master Plan of Heritage Hill and the City’s Master Plan. It is a guide for the Association, potential developers and the City. There is no proposal as of this writing.

***

And garden gloves clapping to the **North College Block Club** for orchestrating the Heritage Hill Garden Tour. They make it a blast.

***

Enjoy the sunshine and spread some to all your neighbors.

Jan Earl
Executive Director
We are proud parents at Congress Elementary.

**SCHEDULE YOUR TOUR TODAY!**

**HIGH QUALITY, HERITAGE HILL SCHOOL CHOICES:**

- Grand Rapids Montessori (PK-12)
- Innovation Central High (9-12)
- Coit Creative Arts Academy (K-5)
- Congress Elementary (PK-5)
- University Prep Academy (6-12)
- Coming Fall 2015...
  - Grand Rapids Public Museum School

**INNOVATIVE School Choices in Your Neighborhood!**

- GRPS – Innovation Central, Meyer May/Steelcase. What incredible homes and buildings that you offered to showcase a neighborhood where we want to live and visit.
- A talented and generous artist, Mei Chow, presented each of our hosts with a watercolor of their house as our thank you gift for opening their home. We cannot thank her enough for sharing her talent with Home Tour hosts and providing such a personal offering.
- Home Tour would not exist without the hundreds of volunteers, many of whom have been helping out at Home Tour for many, many years. A dedicated bunch! Thank you for giving your time to this big effort.

Home Tour 2015
Up and Up and Onward

The annual spring Tour continues to grow but is firmly planted in May. Attendance was up for the fourth year and we are again attracting tourists from a four state region. There were lots of happy people from all walks of life walking our neighborhood on what turned out to be a perfect spring weekend. Hosts, volunteers, committee members and our bus drivers were all smiles.

We applaud our hosts for sharing their great spaces. Big thanks to Home Tour Hosts Lisa Baars, Pat Brewer, Andy Brookhouse and Paul Cook, Dave Eppelheimer and Brandon Heitzman, John and Stacy Figg, Stephanie and Dashiell Kolbe, Dave and Andrea Nemes, Merritt Taylor and Dennis Delano, Women’s City Club, GRPS – Innovation Central, Meyer May/Steelcase.

We had many, many sponsors this year too and we encourage all to support your neighborhood sponsors. Thank you very much for being a part of neighborhood promotion.

And on we go. **Tour 2016 is May 21 and 22.** We have 6 houses lined up but there is room for two more if you want to join Tour in-crowd. Call, email us at 459-8950 or heritage@heritagehillweb.org. It is for the best cause as it is your neighborhood and all proceeds are used for our programs including block club organizing, crime prevention, land use planning, engaging community resources and preservation of the district’s historic character.
Please Thank and Support Your

HISTORIC BUILDING RESTORATION
Pleasant Park Pals: Neighbors from the two areas (South Hill and Heritage Hill) met up in June to talk and share ideas for keeping the park safe, beautiful and a friendly neighborhood destination.

Sean Flood from the Paul I. Phillips Boys and Girls Club and Community Officer Adam Bayliss attended along with Heritage Hill staff and a dozen neighbors on Jenn Gavin’s front porch. Neighbors talked about organizing a cookout at the park this summer, planning more activities to help park users get to know each other and safety in the park. Officer Bayliss told the group they don’t have to worry about bothering the police if problems come up. He said, “Just dial 911 and let the call-taker know what is going on”.

Sean Flood the Director of the Boys and Girls Club at the Paul I. Phillips center that is a block down the street from Pleasant Park at 726 Madison SE. He described an incredible array of activities that keeps children from kindergarten to high school age busy all day all summer long. The “Club” is a wonderful resource for neighborhood children and membership is a mere five dollars. Check out their website [www.gcgrandrapids.org](http://www.gcgrandrapids.org) and their number is (616) 719.0775.

911 Caller Stops Crime Spree
Someone in the area of Lafayette and State SE heard voices and called the police. Police arrested three 15-year old girls, one a run-a-way, and a 17-year-old boy. They had “dined, drank and dashed” at several downtown restaurants before they headed into the Hill on a crime spree. One of the vehicles they got into was unlocked. Inside they found sleeping bags, a lantern and a bat that they used to break into a locked vehicle a couple blocks away. The alarm of the second car went off so they fled but broke into two more vehicles. They only stopped when the police showed up. Thank you to the person who heard them talking and called police.

HERITAGEHILLWEB.ORG

Heritage Hill Apartment Rental and Home Sales Listings
All sizes and prices -- Spread the word!!!
listen, then call the police at 911. If the persons are headed away, tell
the police which direction they are
headed.
• Do not hesitate because you are
concerned about “bothering”
the police. Let them check out
the situation. The witness in
Heritage Hill stopped a series of
vehicle break-ins that would have
continued if not for the call to the
police.
• Describe the color and style of
clothing worn by suspects to the
dispatcher if possible.
• Always lock your vehicle. Put
valuables in the trunk or take them
with you. Clear the floor and seats
and consoles so thieves will not
be tempted to break in. Phones,
change, chargers, sunglasses,
tables, jewelry, wallets, purses,
book bags, duffle bags left in sight
can result in a broken window and
theft.

Serious crime like home burglary is
very low in Heritage Hill.
There were no home burglaries in May
or June. Property thefts are moderate
this summer. Bikes should be stored
inside if possible. Bike locks or cables
are often not enough to stop a thief.

Locking a bike to a porch rail can
result in a broken rail and a lost bike.
A neighbor reported that on July 10 on
Union NE someone stole a red Schwinn
bike with chrome trim out of a garage.
The garage had no door and the bike
had no lock. It is best to keep a bike
inside your home or apartment if there
is no good place to secure it outside.

Prevent A Burglary At Your House Or
Apartment:
• Keep doors locked and windows
closed and locked when you are not
at home or asleep. Screen doors
or storm doors are not good at
preventing a home burglary so stay
close by if your those doors are
open during the day or evening.
• If you live in an apartment building
you should always lock your
apartment door. The front, side and
rear doors of the building should
also be locked at all times.
• There are a lot of ways to add a
more security to windows, which
is especially important if you want
to secure windows in a vented
position during hot weather and
still be safe.*
• Keep your porch light on all night
long.
• Trim thick shrubs that conceal
the entry doors and areas above
window ledges.

*Google “window pinning” and call
the Heritage Hill Association Office
for more info on this.

Free Home and Apartment Security

Living Off Campus in Grand Rapids

Neighborhood Living: Grand Rapids’ neighborhoods offer a variety of housing options. While each neighborhood boasts distinct characteristics, expectations about property maintenance and neighborhood conduct remain consistent throughout the city.

City Ordinances:
- No more than four unrelated persons may live together in a rental unit.
- Indoor furniture or furnishing such as sofas, cannot be placed in the yard or on the porch.
- Parking in the yard is prohibited.
- Noisy disturbances are not tolerated at any time of the day or night.
- Trash must be stored in a rigid container and removed from the property every 7 days.*
- Sidewalks must be cleared of snow within 48 hours of snowfall.*
- Grass must be cut regularly and may not exceed 12 inches in height.*
- Some neighborhoods have odd/even parking requirements to assist in snow removal, meaning vehicles can only park on one side of the street on a particular day.

*Responsibility is dependent on your lease with the owner. Check your lease agreement to find out if you or the owner is to shovel, mow and remove trash. We can provide information on your rights as a tenant as well. Just give Barb a call at 459-8950.

In June, neighbor Don Reitema, warns drivers on College NE to watch out for the sink hole. The City came out to fix it, but not for three weeks!
Due to Home Tour, the HHA Board did not meet in May. Discussion at the June Heritage Hill Association Board Meeting included:

**50 College Ave. SE Report:** Craig Nobbelin provided an overview of the creation of the report, which is intended to be a guide for Heritage Hill, developers and the City of Grand Rapids. A proactive approach was taken concerning this property as re-development is very likely. A task force comprised of expert neighbors was formed and two neighbor meetings were held to prioritize the desires of neighbors for the direction of the property. Based on these two meetings and conversations, the task force created the detailed plan which was emailed to 200+ neighbors for final comments. Focus of the plan is for the property to be used as residential with additional landscaping and green space. The Heritage Hill Association Board voted unanimously to adopt the plan as presented.

**Treasurer’s Report:** Mary Robinson commented that the budget is looking on target with a percentage of Home Tour income yet to come in. Texas Hold ‘Em went well; the Fund Development committee will be meeting. Tansy H. commented that Home Tour was largely attended by first-time tour-goers.

**Committee / Liaison Reports:**

**Fundraising:**

- **Home Tour** - Maria Z. reported that six homes are committed for 2016 and five for 2017.
- **Pledge Drive** – Maria reported that this campaign will be coming in the fall.
- **Texas Hold ‘Em** - Maria sent a sign-up sheet around for the July 23-26 event. Board members were strongly encouraged to sign up; discussion included what it was like to volunteer.

**Land Use:**

- **Preservation** – Ryan reported on HPC’s finding that the main building at 50 College SE is not a contributing building to Heritage Hill as it was built after 1923.
- **Pleasant Park** – Vicki H. and Barb L. reported the creation of the group Pleasant Park Pals, made up of mostly near-neighbors to the park. Perennial planting was completed with a small crew; a maintenance plan needs to be formulated. Everyone would like the park to be inclusive; further strides are being made to include South Hill in communications. Barb reported that the Boys and Girls Club is next-door which could provide excellent opportunities for youth.

**Community Stewardship:**

- **Education** – GRPS Gideon Sanders highlighted the very successful student trip to China as well as outlining many of the recent academic successes of the Innovation Central student body. John Helmholdt provided a detailed presentation of the GRPS bond proposal that is likely to come before voters in November. Mr. Helmholdt outlined what the bond will be used for as well as highlighting the many successes of GRPS in recent years under the leadership of Superintendent Teresa Weatherall Neal.
- **Night Out, August 4 at Pleasant Park** -- Mary R. stated that the committee has yet to meet but that an ice cream
social is being considered. Discussion included activities welcoming to new neighbors; kids’ activities are provided by the playground. Mention was made that a pick-up softball game (east vs. west?) could be fun.

Administrative:
Finance - Jim reported that the Finance Committee will be meeting in July to amend the budget to include the State Street Grant as well as other smaller tweaks.
Institutional Liaisons – ongoing – Jan and Tansy had a good meeting with President Bill Manns of Mercy Health / Saint Mary’s in April.
Nominating -- Jim reported that preliminary discussions have taken place concerning the end of year election.
Staff Reports: Members were directed to written reports.
New Business – Stephanie K. suggested vanity Heritage Hill license plates as a possible fundraiser. Members commented that other similar efforts to sell HH items have not been successful.
Public Comment – Gideon Sanders announced that Innovation Central is looking for mentors to share their expertise one hour per month.
Neighbors are welcome to attend monthly Board meetings. The HHA Board meets at 7:00 p.m. on the third WEDNESDAY of every month at the Mercy Health Saint Mary’s campus, Hauenstein Center, 220 Cherry SE. 1 Community Room (main floor, turn left at the first hall and first room on your left). There is a possibility that the meeting location would need to change so please call the office (459-8950) or visit the website (www.heritagehillweb.org) to confirm the exact meeting room.
If you would like an item placed on the Board agenda, please call the HHA office at 459-8950 before 4:00 p.m. of the second WEDNESDAY of the month. If you would like to address the Board regarding an agenda item, public comment is taken at the beginning of each meeting. For non-agenda items, public comment is taken at the end of each meeting. Typically, Board meetings run from 7:00 p.m. until 8:30 p.m.
If you would like to receive monthly Board agendas via email, please email us your request (heritage@heritagehillweb.org).

Every spring and summer we see ladders and scaffolding up at homes all over the city and painters busy scraping, priming and painting houses. Older homes have lots of lead paint inside and out. Most of it is covered with newer lead-free paint. But when pre-1978 paint gets “disturbed” by scraping or peeling, the lead is released and can leave its poison in and around homes. Children in those homes can inhale or eat the lead dust floating in the air or when it lands on floors, window sills and toys.

If we walked up to the houses being painted and looked down we will often see a lot of paint chips and dust. Those chips and dust poison the earth and the dust poisons the air in the homes and poisons the children and adults who live in the homes. This may sound extreme but children with lead in their bodies have been found to have lower IQ’s, learning disabilities and behavioral problems.

There ought to be a law you say?

There are laws; lots of them, but they are difficult to enforce on-the-spot and most times the job is done, the painter is paid and gone, but the lead paint chips and dust stay there in the home and in the yard before enforcement can begin. It is still not too late to stop flagrant violators. When the same company or person continues to operate against the rules the EPA can and will investigate and enforce the laws. City Code holds owners responsible for cleaning up or “remediating” lead paint and dust contaminations.

I have received calls from neighbor reporting painters scraping houses and that paint chips are flying all over. Painters might throw down plastic and capture some of the paint and dust but many do a very poor job. Why do they get away with it? Because they charge less than companies that do a good job of keeping lead paint chips out of the ground and out of your home. Of the seven houses being painted that I visited over the last few years every one of them was in violation.

Those painters were in violation of Federal, State and local laws that require that Lead-Safe-Work-Practices. They are required to be certified or to have a certified supervisor working with painters daily. Many painters have no supervisor because they are handy persons who work on their own. No doubt they are suffering some of the effects of lead paint poisoning themselves.

There are painting companies that tell you they use lead safe practices but don’t. Their signs are plastered all over town including a couple in Heritage Hill, they were in violation.

What are lead safe practices?

There are Federal and State laws that are meant to protect the painters, the occupants of homes that are being painted or renovated and both the inside and outside of the homes and grounds.

Here are some basics:

Training and certification of painting contractors and supervisory staff is mandatory.

Those certified must oversee the work of untrained workers who paint.

Proper work practices protect you from the dust. The key to protecting yourself and family during a renovation, repair or painting job is to make sure that lead-safe work practices such as containing the dust made during the work inside the work area are used.

- Plastic sheeting should be secured to the lower portion of the wall or foundation to catch paint chips and dust.
- At a one-story home, the protective plastic sheeting must extend 10 feet out from the foundation.
- At a two-story home, the plastic sheeting must extend 20 feet out from the foundation.

(Continued on page 12)
What is lurking? ———
(Continued from page 11)

- Where one protective plastic sheet meets another they must be joined with tape so no paint chips or dust falls to the ground.
- Plastic cones should be placed where the plastic ends and signs should be posted warning of the presence of lead paint.
- When work is done for the day the plastic should be carefully removed from the building, folded over itself to encapsulate the paint chips and dust, sealed with tape and discarded.
- Paint chips and dust should not be swept up or raked out of the soil or grass and thrown in the trash loose.
- Shop vacs should never be used. Only vacuums with a HEPA filter can safely remove lead paint chips and dust without throwing it back into the air.
- There are many other rules that describe wiping tools, floors window sills with damp clothes to remove lead paint dust.

For more detailed information go to the EPA website at www.epa.gov/lead. If you are concerned about an exterior paint project-in-progress call the Heritage Hill office at 459-8950. We are working with other local organizations to educate homeowners and rental owners on this topic and to turn in violators who operate illegally.

Remember Heritage Hill Property Owners:
There is a City Preservation Ordinance that governs all exterior changes, repairs and/or additions to Heritage Hill properties. Call the Grand Rapids Historic Preservation Commission at 456-3451 for information on approvals. You can access the application form at the City’s website, www.ci.grand-rapids.mi.us at the Planning Department section or at the Heritage Hill Association’s www.heritagehillweb.org. This ordinance applies to all exterior changes, repairs, and/or additions to your home and property. Items such as doors and windows including storms, yard structures, driveway and sidewalk approaches, and fences do need HPC approvals.

Long-time neighbor recognizes, celebrates 200-300 Prospect SE

“I send this gift celebrating the transformation of our 200-300 Prospect SE block. Since the mid-1990’s, the leadership and support of the Heritage Hill Association has helped make one sorry stretch of damaged houses and struggling residents and owners turn the tables on its future. Neighbors, institution leaders from hospitals and city all worked to make it happen. There are increasing homeowners living on the block now.

What amazing change can happen! Thanks so much to everyone at our HHA for your part.”

(The Prospect Avenue Study and Plan was prepared and adopted in 1994; it has guided the transformation of the block)

It's not good because it's old, it's old because it's good.
Commission Awards 2015
Preservationists Historic Preservation

The Historic Preservation Commission and City of Grand Rapids Planning

Department honored groups and individuals that made an impact on our community at its annual celebration ceremony this past May. Eight preservation awards were presented to those, who through their efforts, have restored and/or renovated a piece of local history bringing a positive physical, social and/or economic impact on their neighborhoods and, subsequently, to the City as a whole.

Honored were: 230 Fountain NE (Dennis Delano & Merritt Taylor); 262 Union SE (Copper Hill Properties LLC); 47 Jefferson SE (Westminster Presbyterian Church & Grand River Builders); 40 Logan SW (Baker Lofts); 413 Eastern SE (Northstone Management LLC & Mariani Construction); and, 16 Monroe Center NW (616 Development).

The Commission also honored three individuals who have given of themselves through volunteering and community activism to make their neighborhoods and the City a better place to live: Barry VanDyke; Kevin Doenier; and John Leegwater.

The Heritage Hill Association applauds all for their contribution to the preservation movement. Thank-you!
Buddhists on the Block

There's a growing Buddhist community in Grand Rapids---and a growing interest in Buddhism, and the mindfulness and meditation practices associated with it.

Many meditators and practitioners find their spiritual home in the Grand Rapids Buddhist Temple and Zen Center, at 451 S. Division. I've spoken with a lot of Heritage Hill residents who were not even aware of this temple, within easy walking distance of many of our homes. It’s located in a storefront at 451 S. Division. There is an unassuming sign on the etched glass front. It might be easy to pass by and not notice what this place is.

The Grand Rapids Buddhist Temple and Zen Center is based in the Huayan (Chinese) school of Buddhism. Central to this school is the idea that all things interpenetrate. All is one, one is all. The unity of the absolute and the relative are basic to these teachings.

What does this mean to me, you ask, the wandering, itinerant Heritage Hill resident?

If you visit, you will find a practice that is rich in ritual and a temple space that is appealing to the senses. This center supports the human desire for a rich container for our study of the relation of spiritual practice to daily life. The abbot and teachers are westerners and the center strives to forge a vital, inclusive Buddhist community for the western spiritual seeker.

If you are curious, stop by for a Sunday service—10:00 am every Sunday. The service lasts about 50 minutes. New visitors are welcome to participate in the recitations and ritual, or just observe. There are classes in meditation, regular public drop in meditations on Tuesday and Thursday evenings (5:00-6:30), and three Buddhist-based recovery meetings weekly. These meetings follow the 12 Step format, but the steps have been adapted slightly to reflect Buddhist teachings. Members of all faiths participate and are welcome to attend.

You can visit the temple website at grzen.org, for a fuller description of the temple practices and offerings, and calendar of events.
Community Picnic

Central Reformed Church is celebrating their 175th anniversary. The Heritage Hill community is invited to join us for a picnic on **Sunday, September 13** featuring a pig roast, activities for kids, live music, and more. There will be something for everyone. The food and fun begin flowing at **noon and runs until 2 PM** in the parking lot at 10 College Avenue. Sunday worship service begins at 9:30 am. To RSVP, email kvanek@centralreformedchurch.org

---

**State Street Stats Updates**

- Still waiting for MDOT to approve roadwork to start on State Street between Jefferson and Lafayette. If approved work should start this year. Plan calls for bricks, bike lanes, a variety of new trees and beautiful new lights.
- 345 State Street has residents! The road is now clear of construction, new trees were planted and residents have started to trickle in and get situated in their new home. We are very happy to have life brought back to this corner. And what a choice location, across the street from a park and restaurants!
- And we have a logo! Graphic Designer Tom Engelsman from Beatnik Branding donated time to help create a logo for our little street. We think it looks great; thanks Tom!
- The State Street Corridor Area Specific Plan went up for final review before The City of Grand Rapids Planning Commission on July 9th, 2015. Municipalities had their chance to speak to any issues they had with the plan; there were none. The plan was unanimously adopted. Ms. Mary Angelo said of the plan, “I think this plan was really well thought out and well done. This will bring positive development in this corridor.” Now the plan will be going up before the City Commission on July 28th, 2015 at 7pm at City Hall.
- Working with HQ and Westminster Presbyterian Church for a block party. Stay tuned for more info as plans are made!
