2020 Tour's highlights include a stunning 1903 Georgian Revival designed by the architectural firm of Osgood & Osgood for the founder of the Keeler Brass Company; the interior resembles the Governor's Mansion in Colorado and reflects the status and wealth of the Keeler family; a spectacular 1890 American Craftsman that was redesigned into a work of art by its artist owners and skilled craftspeople; a 6-bedroom 1882 Shingle Style adorned with unique iridescent tiles that were installed during a 1920's remake; the 1909 Amberg house was designed by Frank Lloyd Wright in the classic Prairie style. Also on Tour is a handsome 1921 Tudor adorned with multiple leaded glass windows and hidden cubbies that were used during the Prohibition years.
