Heritage Hill Celebrates National Night Out!
Tuesday, October 6

Though we could not gather in August for a picnic in Pleasant Park as in years past, Heritage Hill Association encourages other ways of being neighborly and building community:

Join neighbors on October 6 at 6:00PM for a tour* of Heritage Hill’s unique history led by one of the City’s leading guides, Caroline Cook. Caroline has crafted a one-of-a-kind walking tour that features stories and histories of some of our most iconic homes!

Illuminate your porch lights October 6 as a reminder to look out for one another and keep safe!

Tickets for the tour are $15 per person or $25 for 2 people. Maximum of 35 people. Masks required.

Please go to our “Give Now” button on our homepage to purchase. Just type “history tour” in the special instructions.

https://www.heritagehillweb.org

Contact us for other payment arrangements or questions.
heritage@heritagehillweb.org
616-459-8950

Starting point and other details will be sent to ticket holders upon purchase.

* See inside for details on future walking tours planned!
The Heritage Hill Association

Storytime
Normally this is when I’d comment on how quickly the summer passed and express astonishment at the prospect of closing out 2020 soon. But instead I toast to the world’s longest, most dreadful year. However, it’s been uplifting to read about our neighbors in the recent issues of the Herald to take our minds off of the isolation of COVID! We will continue to pepper these stories in issues to come, as well. Please feel free to reach out to us with story ideas, too!

HHA Changes
COVID caused a bit of a shift in our staffing here at Heritage Hill Association. Amanda Cormier had taken the reins as Executive Director after Jan Earl retired from the position in October 2019. However, Amanda needed to switch hats in March to “home school teacher” for her young school-age kids. She has decided to return to her former position with us in public safety on a much-reduced schedule and the Board appointed me as the Executive Director during its August meeting. It has been a whirlwind learning curve but one that I am greatly enjoying.

Building Community
Our Hospitality Committee is hard at work planning the replacement for our “Annual Picnic/National Night Out” event on October 6 as well as organizing the annual meeting planned for December 16 when we will review and vote on the slate for board candidates.

Plaques
Do you wonder where everyone gets those shield-shaped “Heritage Hill” plaques that are affixed to the exterior of their historic district homes? That’s us! If yours has seen better days and you want a replacement or if you have intended to get one but just never got around to it, call or email us. They make good welcome gifts for your new neighbors, too! $35 each.

Snow Plowing
Do you own a residential snow plow business? Have you got young adults in your home that would like to make some extra money? Our office occasionally receives calls from neighbors looking for shoveling and plowing referrals. We are looking for a few reliable plowing/shoveling services to be able to recommend to callers. Please call us at 616-459-8950 if you’d like to be added to the list!

Barbara Draughon
Executive Director
Step up to the Heritage Hill Association Board of Directors –
HHA Seeking 3 Board Candidates for Election at Annual Meeting

Per the Heritage Hill Association By-laws, five Board terms are open annually for election to the HHA Board. Board members are elected by the membership at the Holiday Potluck and Annual Meeting on December 16, 2020. (Save that date on your calendar – we are working on incorporating virtual meeting technology into it). The Board terms are for 3 years that begin on January 1, 2021 and end December 31, 2023.

The absolute deadline for submitting your candidacy is midnight November 8, 2020. The slate will appear along with a brief statement from each candidate in the November/December Herald.

To serve, Board members must be residents of the Heritage Hill neighborhood or be paid non-resident members. It is helpful to have been somewhat active in Association activities or committees but this is not a requirement to serve on the Board. The duties of Association Board members include:

- Monthly Board Meetings - the third Wednesday of the month - approximately 1 hour long - 7:00 pm to 8:00 pm; currently held virtually via Zoom.
- Chairing or active participation on a HHA committee - monthly or quarterly meetings. Some committees such as Home Tour and fundraising demand more of a time commitment.
- Attendance at HHA sponsored events - i.e. Home Tour, fund-raising and social events.
- Actively representing your neighbors to the Board.
- Actively representing the Board to your neighbors.

The Board wants and needs active and diverse leadership in the organization to adequately represent the entire neighborhood. Renters, landlords, owner-occupiers, business owners/leaders, etc. are encouraged to get involved!

If you want to learn more about serving, please call the Association office at 616-459-8950 or email to heritage@heritagehillweb.org.
Bringing you home -
your dream, our mission

How did you get the toothpaste on your toothbrush? Did you get dressed? How did you choose clothes that fit together? Did you make breakfast? How did you stay out of the way of the hot pan?

The answer to all these questions is that you looked and you saw. But what happens when you look and cannot see? It can be a scary and even paralyzing feeling to those who have not learned the skills to adapt to their visual impairment or blindness.

The Association for the Blind and Visually Impaired (ABVI) helps individuals learn skills and have the tools they need to live life to the fullest. And we are located right on the corner of College and Cherry! We are an independent affiliate of Mary Free Bed Rehabilitation Hospital.

ABVI was founded in 1913 by Roberta Griffith, a college graduate, author, music teacher, vocational trainer and fierce advocate for the blind and visually impaired. She was also blind. She and Helen Keller worked together to standardize what is the current braille system across the United States.

Roberta never allowed her blindness to get in the way of accomplishing whatever she set out to do. Her mission was to make sure others had the training and support to also live their lives independently. Our mission has not strayed to this day.

At ABVI, low vision optometrists and specialists, with information provided by ophthalmologists and other vision specialists, provide technologies and skills training to help improve our clients’ ability to function and thrive on a daily basis.

ABVI also provides in-home follow-up care and rehabilitation. Our professional rehabilitation staff can help with daily living skills – cooking, hygiene, identifying clothing and household items – as well as managing finances, using a computer, safe travel alone and with others, and recreation and hobbies. These skills increase confidence and the ability to live more independently.

ABVI - Vision for a Bright New Day
(Continued on page 6)

Loss of vision causes stress for both the patient and their loved ones. Feelings of isolation, anxiety or depression are not unusual. Our social workers provide compassionate counseling to help overcome these challenges.

If you are living with vision loss, you are not alone. More people are challenged by vision loss than you realize. Our peer support groups for both youth and adults provide encouragement, education and friendships to clients and their families. During this unusual year due to COVID-19, our support groups are currently being run via conference call.

Covering 13 counties throughout West Michigan, we serve all ages, and no one is turned away due to inability to pay. As a small 501c3 organization, ABVI relies on donations and grant funding to continue operating.

For more information about ABVI services, we invite you to go to our website at www.abvimichigan.org or contact Linda Zizos at lzizos@abvimichigan.org or 616-458-1187.

REMEMBER HERITAGE HILL PROPERTY OWNERS:

There is a City Preservation Ordinance that governs all exterior changes, repairs and/or additions to Heritage Hill properties. Call the Grand Rapids Historic Preservation Commission at 456-3451 for information on approvals. You can access the application form at the City’s website, www.ci.grand-rapids.mi.us at the Planning Department section or at the Heritage Hill Association’s www.heritagehillweb.org. This ordinance applies to all exterior changes, repairs, and/or additions to your home and property. Items such as doors and windows including storms, yard structures, driveway and sidewalk approaches, and fences do need HPC approvals.

Parks Get an Upgrade

You will notice some activity in Pleasant Park during September and October. As part of the 2013 millage, the City is installing a new swing set, water spigot, updates to the rain garden, and adding shade sails over the playground equipment.

About 127 neighbors responded to their survey to select the color of the shade sails and Catherine Zeitse of the Department of Parks and Recreation tells us that, “Sage Green was the selected color. Construction at Pleasant Park ... is expected to start near the end of September or early October.”

Also, as part of the same millage, Heritage Hill Park (located at the corner of Logan and Paris) will receive some improvements. The City is interested in any ideas or observations for improvements to that pocket park.

Contact Catherine Zeitse with the Parks Department with ideas/comments: czietse@grand-rapids.mi.us

The Heritage Hill Association publishes available apartments.

Please remember us when your apartment needs renters. Your dollars not only find you tenants but also support the programs of the Heritage Hill Association! You can list your apartment right at the website or stop by the HHA office. We welcome you!

STONECASTLE DENTISTRY

Ramiro Lambaria DMD
Back to School and Holidays During COVID
Our friends at Mercy Health hosted their monthly Town Hall meeting with a focus on how to stay safe as we send kids back to school or daycare and we gear up for holidays where we might gather with extended family members. They suggest a 4-pronged approach:

1) Promote safe behaviors such as keeping our kids and ourselves home when we are sick, even if it’s “just the sniffles”. Make hand washing fun to promote frequent habits and keep a supply of fun masks on hand for the kiddos to wear.

2) Maintain healthy environments. This is achieved by reducing the use of shared objects such as classroom supplies/toys or buffet tables and frequent washing of items. Provide ample ventilation or conduct activities outside as much as possible. Keeping kids at a distance during meals is particularly important as masks are removed at these times.

3) Maintain healthy operations by participating in alternating school and virtual sessions.

4) Prepare for illness. Schools can identify thresholds for when closure decisions should be made. Families can get the flu shot to help minimize the stretched resources at hospitals and doctors’ offices. Officials saw significant increases in COVID during the Memorial Day and July 4 holidays. Exercise safety precautions if holidays include any family gatherings in your home.

Coping During COVID
The National Suicide Prevention Lifeline has identified symptoms of coping challenges as more and more people are experiencing difficulties during COVID. Things to look for in yourself or others that impede the ability to get through the day:

- Eating or sleeping too much/too little
- Pulling away from people or things
- Having low or no energy
- Feeling numb or like nothing matters
- Having unexplained aches or pains
- Smoking, drinking, or using drugs more than you should
- Feeling unusually confused, forgetful, edgy, angry, or worried
- Fighting/arguing with family
- Thinking of hurting or killing yourself or someone else
- Unable to perform daily tasks like caring for children or getting to work/school

Specialists at the National Suicide Prevention Lifeline recommend:

- Talking about your concerns
- Taking time for self-care
- Connecting with others who understand
- Calling a friend or family member
- Clicking on the help line
- Clicking on the chat
- Clicking on the text
- Clicking on the suicide prevention app
An AlPact Community Discussion

Staff attended a Community Discussion via Zoom put on by AlPact, with all Kent County Police Chiefs, including the Kent County Sheriff and State Police. The Greater Grand Rapids AlPact organization is a group that “examines issues affecting police and community relations and ensures equitable enforcement of laws to build trust.”

All of the Chiefs spoke to the difficult time that Kent County and the whole country are going through, focusing on race issues, positive change and to reflect on the death of George Floyd, recognizing that this event has canceled some efforts made by the police and recognizing the increased need to recognize and embrace diversity, through critical public trust, acknowledging that trust is earned. Chiefs underlined that all have the responsibility to learn our history and that police departments are reasserting their commitment to diversity.

Grand Rapids Chief Eric Payne commented that while much work has already been done, increased efforts are being made to bridge the gap in trust through outreach programs with students, neighborhood associations, churches, etc. as well as officers attending events and interacting with the community in a non-enforcement role and that there is always room to do better. Chief Payne also stressed that both he and City Manager Mark Washington have both been in their positions a relatively short amount of time and asks the community to have patience while new strategies and plans are being enacted.

The Kent County Sheriff (as well as other PDs) answered questions about hiring practices and recruiting challenges, highlighting that education and recruitment can start as young as junior high school students and detailing cadet and internship programs, as well as scholarships for academies and the importance of mentorship. Chiefs expressed the need for more opportunity to have the police force look like the community they work in and that they are often working against the bias of the family view that being a cop is not an honorable profession. In answer to the question of how to overcome negative contacts with the community, Chiefs discussed the need for more training time, how priorities have changed over time, awareness, implicit bias training as well as training for Covid-19.

In response to questions about how (Continued on page 10)

officer job descriptions could be changed and the possibility of mental health and social workers being used in policing, all Chiefs agreed that safety is their number one priority in answering a call for service but that various teams could be used to respond, being modified on a case-by-case basis.
HHA: How long have you lived in Heritage Hill?
GG: I’ve lived in the Heritage Hill area for about 3 years now.

What is it like living/playing/working in Heritage Hill?
I love walking through our neighborhood and admiring the natural beauty of the front yards as well as the beautiful houses. I am blessed to live in a place that is already so beautiful.

Why is gardening/gardens important to you?
I’ve seen that it takes intentionality to produce a beautiful environment. The combined effort of our neighbors to beautify their yards and re-wild them results in a beautiful neighborhood to live in.

How would you describe what a guerilla garden is?
Guerilla gardening was made popular by Richard Reynolds in his book “On Guerilla Gardening”. Here’s how he describes it, I like how he puts it.

“I do not wait for permission to become a gardener, but dig wherever I see horticultural potential. I do not just tend existing gardens, but create them from neglected space. I, and thousands of people like me,

step out from home to garden land we do not own. We see opportunities all around us. Vacant lots flourish as urban oases, roadside verges dazzle with flowers and crops are harvested from land that was assumed to be fruitless”... “This is guerilla gardening: the illicit cultivation of someone else’s land.”

For me, I’d describe it as making use of neglected space for the purpose of beauty and food production.

How did the idea to be a guerilla gardener come to you?
This past winter I was lamenting about how I didn’t have a front yard to landscape into a food forest, or a garden to plant vegetables in. From seeing posts from other guerilla gardeners online, I was intrigued and researched ways that I can take on the duty of making our surroundings more beautiful.

How long have you been planting these around town? Are they limited to Heritage Hill?
I planted 4 flower boxes this spring. One was planted in Heritage Hill and the others were planted in the Belknap lookout area.

How do you decide what to plant and where? What is one of your favorites and why?
The ideal location for a guerilla garden would be any place that is overlooked and could benefit from some natural beauty. I decided to plant my flowerboxes where I did so that I can water them easily.

This past summer I was really excited to garden in an abandoned lot outside of Heritage Hill, where I planted...
potatoes, strawberries, raspberry bushes, and turnips. It was mostly a success, although it mostly fed a family of rabbits instead of myself. I’ve had some hiccups along the way, but I’ve learned a lot and planned ways to improve next year.

**What are you hoping to achieve with your guerilla gardens?**
I’d love to cultivate beautiful corners of the city where fruit trees, vegetables, and flowers can be grown for anyone to enjoy.

**What do you want your neighbors to know about or gain from these gardens?**
I’d love for my neighbors to know that they have some level of ownership over many places they see every day. By planting a flower here, or a vegetable there, it is an opportunity to invite others into noticing and appreciating their surroundings.

**Where can we follow you on social media?**
You can follow me on Instagram @guerillagardenergr. I would love to connect with other neighbors who want to collaborate and grow a more beautiful Grand Rapids.

**Board Notes**

**Discussion at the August, 2020 Heritage Hill Association Board Meeting included:**

**Treasurers Report** – Discussion of cash flow and savings plan included certificates of deposit to be made available in the event of a severe shortfall. However, the Finance Committee recommends a plan for their replacement before deciding to liquidate. Board members discussed identifying and inviting new members for Finance Committee as well as new fundraising strategies for 2021 that support the mission of the HHA.

Discussion ensued about how COVID and general current events will shape our mission and its execution moving forward. It was agreed that a separate meeting/retreat is needed to review mission, vision and priorities to best serve the Heritage Hill constituency.

**Staff Reports:**

The GR last Master Plan was completed in 2002 and is under review by GR residents as part of the 2022 Master Planning process for the city. HHA Executive Director, Barbara Draughon, is leading some of the review sessions with residents of Heritage Hill as part of the broader effort.

The litter clean-up event in June was sparsely attended, but more interest was garnered for future events.

Historic markers at neighborhood entries are still slated for refurbishing by some neighborhood volunteers, as well as the turning of the State Street/Washington marker so it faces in the right directions.

A fruitful discussion about past and future community engagement efforts ensued as the Association looks to wrap up 2020 and build on its purpose to “build community” while safely adhering to COVID-safe means.

Neighbor-led efforts will continue to be considered and encouraged. This led to an outline for plans related to National Night Out, which has been moved to October 6. Ideas such as illuminating porch lights that night as well as a professionally guided neighborhood history tour were discussed. Details will be secured and
outlined in the upcoming Herald and social media.

Ways to replace (in part) funds typically secured from the annual Home Tour are being discussed with fundraising committee. The recent solicitation to residents and Home Tour Volunteers yielded a good response. Other events will be considered and reviewed with the Executive Committee in the coming weeks.

Maria and Barbara have been sharing office duties and Amanda, Barbara and Maria have been sharing public safety duties related to the grant from the City.

A board member commented that public safety measures cannot/should not be dismissed. Though crime might look different in our neighborhood than it did 20 years ago, graffiti/vandalism, speeding, car break-ins, noise disturbances, and other more serious occurrences can contribute to a feeling of insecurity among neighbors and warrants continued attention. The board requested a more detailed review of neighborhood “crime stats” from the GRPD to better understand the changes over time.

**Land Use Issues:** Shade sails at Pleasant Park should be installed by October. Street brick replacement

(Cont’d on pg. 14)
Board Notes (Cont’d from pg 13)

at Madison and Logan is completed. Speeding on Madison near Pleasant Park still an issue.

With regards to changes Morris Ave parking (Cherry to Logan), the board will request the city delay any changes of restrictions for a month so the board may accumulate more neighbor feedback before supporting or opposing the effort.

Administration: HHA seeks prospective board members to fill out 3 mid- and late-term vacancies (one position may possibly be filled by the next meeting).

An Executive Session meeting was held at the end of the public meeting where it was decided to appoint Barbara Draughon as the permanent Executive Director and return Amanda Cormier to reduced hours in support of Public Safety responsibilities, at Amanda’s request in response to COVID.

A reduced schedule of board meetings was considered and discussed. The board preferred to continue to meet on a monthly basis to ensure timely communication and connectivity to issues.

Fundraising: A meeting of the committee will take place to present options/ideas at a future board meeting to replace Home Tour funds.

Community Engagement/Hospitality: Sarah Green has accepted appointment as the new chairperson of this committee.

If you would like an item placed on the Board agenda, please call the HHA office at 459-8950 before 4:00 p.m. of the second WEDNESDAY of the month.

If you would like to address the Board regarding an agenda item, public comment is taken at the beginning of each meeting. For non-agenda items, public comment is taken at the end of each meeting. Typically, Board meetings run from 7:00 p.m. until 8:30 p.m.

If you would like to receive monthly Board agendas via email, please email us your request (heritage@heritagehillweb.org)
Be Prepared!

September is Emergency Preparedness month. We aren’t in a hurricane or earthquake zone, what kind of disasters might impact Grand Rapids? Here is a sampling:

<table>
<thead>
<tr>
<th>Tornadoes</th>
<th>Floods</th>
<th>Chemical emergencies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Snow storms</td>
<td>Extreme cold/polar vortexes</td>
<td>Pandemics</td>
</tr>
<tr>
<td>Cybersecurity</td>
<td>Explosions</td>
<td>Power Outages</td>
</tr>
<tr>
<td>Bioterrorism</td>
<td>Active shooters</td>
<td></td>
</tr>
</tbody>
</table>

Make a plan today. Your family may not be together if a disaster strikes, so it is important to know which types of disasters could affect your area. Know how you’ll contact one another and reconnect if separated. Establish a family meeting place that’s familiar and easy to find.

**Step 1: Discuss the questions below with your family, friends or household to start your emergency plan.**

2. What is my shelter plan?

3. What is my evacuation route?

4. What is my family/household communication plan?

5. Do I need to update my emergency preparedness kit?

6. Check with the Centers for Disease Control (CDC) and update my emergency plans due to Coronavirus. Get masks (for everyone over 2 years old), disinfectants, and check my sheltering plan.

**Step 2: Consider specific needs in your household.**

Discuss your daily living needs and responsibilities and how people in your network can assist each other with communication, care of children, business, pets or specific needs like operating medical equipment. Create your own personal network for specific areas where you need assistance. Don’t forget about medical and dietary needs as well as pets and service animals.

**Step 3: Fill out a Family Emergency Plan**

There is a sample plan online at [www.ready.gov/plan](http://www.ready.gov/plan)

**Step 4: Practice your plan with your family and neighbors**

Working with neighbors can save lives and property. Meet with your family and neighbors to plan for emergencies in your neighborhood. Think about how you could work together after a disaster until help arrives. Know your neighbors’ special skills (medical, technical, etc.) and think about how you could help neighbors with special needs. Don’t forget to plan for child care in case parents can’t get home.

Check [www.ready.gov](http://www.ready.gov) for more information on the topics shared above.
Neighborhood Improvement & Public Safety organizing efforts of the Heritage Hill Association are in part funded by the City of Grand Rapids’ Community Development Block Grant Programs.
